ESTABLISHED IN 1976, DMA is a group of Dayton-area professionals and hobbyists in the field of computing and digital information technology. General membership meetings are usually on the last Tuesday of each month. DMA has a number of Special Interest Groups (SIGs) in areas ranging from digital investing and genealogy to the Linux operating system. Each SIG meets according to its own schedule. DMA is a member of the Association of Personal Computer Users' Groups (APCUG) and the Affiliated Societies Council (ASC). Click on any of the logos—including our own (top left)—to go to that organization's Web site.

Submissions ...

THE DATABUS welcomes compliments, complaints, suggestions, and especially articles. We can accept articles in ASCII, or as attachments in Microsoft Word or Works, Open Office Writer, Word Perfect, or, yes, even WordStar (a word-processing program that goes all the way back to about 1980!). No PDF files, please. Send articles to:

Editor@DMA1.org

All articles are subject to editing for spelling, grammar, usage, and space. Always retain a copy of your work, as THE DATABUS cannot be responsible for loss. When articles are of roughly equal quality, those by paid-up DMA members usually receive preference.

ALL REGISTERED TRADEMARKS, for example: DMA, Direct TV, Raspberry Pi, Windows, or YouTube are the property of their respective owners. However, the Registered Trade Mark symbols (® or ™) have been omitted for better readability. The Editor occasionally inserts comments into articles. Such comments are often in square brackets [like these] and are always preceded by the phrase: "EDITOR'S NOTE."

THE DATABUS is written and published by volunteers. We do not give professional advice on hardware, software, or network installation, repair, security, or troubleshooting. If you need expert assistance, please seek the services of a competent professional.

JULY MEETING: 7:00 P.M., Tuesday, the 31st, at T. J. Chump's, 7050 Executive Boulevard, Huber Heights 45424 (next door to Meijer's —[click here for a map](#). Come at 6:00 P.M. if you want to join us for dinner. There's plenty of free parking. (Also accessible via RTA bus routes #18 & 19, but you must take a short walk over from the Meijer's supermarket.)

MIKE CAMDEN:

Microsoft Photo & Movie Editor

PHOTO AND MOVIE EDITOR is part of the Photos app, very similar to the now discontinued Windows Movie Maker, but redesigned for Windows 10. Remember those photos you took of the last family get-together? When you select your best shots, Photo & Movie Editor can instantly string them together into a video. You can shuffle the order, add a note of text to introduce each photo, set the duration for each one, and select music for the video. This app will easily turn a file of photos into a valuable gift to share with friends and family.

Photo & Movie Editor also allows you to combine photos and videos into each of your projects. This tool has the necessary features to allow you to create the same videos you see on YouTube. Do your own thing! Find your niche and try your hand at posting quality videos to the Web! Start menu → Photo → Create

Minutes are normally published almost two months late, because the Minutes for, say, the June Board meeting must be approved by the Trustees at the following month's meeting—in this case, early July. The corrected and approved June Minutes would thus usually appear in the July DATABUS (this issue), published toward the end of that month.

Time and place of the next Trustees' meeting will be announced at the General Membership Meeting on Tuesday (the 31st). Trustees' meetings begin at 7:00 P.M. and are open to all DMA members. The Trustees usually meet for dinner beforehand at a nearby restaurant that will also be announced at Tuesday's meeting. Those wishing to dine with the Trustees should come at 6:00.

MINUTES—DMA BOARD OF TRUSTEES

Meeting of Monday, June 4, 2018

CALL TO ORDER

The meeting was called to order at 7:02 P.M. by Gary Coy.

Trustees present: Gladys Campion, Gary Coy, Pat Flynn, Peter Hess, Debra McFall, Ken Phelps, Ed Skuya, Gary Turner **Absent:** Brent Kerlin **Others:** Mark Camden, Dean Schrickel

OFFICERS' REPORTS

President – Gary Coy

The Mobile Phone Tips & Trick topic went over well with the attendees.

Vice President – Peter Hess

No report

Secretary – Gladys Campion

Gladys presented the minutes for the previous board meeting. Ed Skuya moved the minutes be accepted. Debra McFall seconded and the motion passed with Peter Hess and Gladys Campion abstaining.

Treasurer – Pat Flynn

See report [EDITOR'S NOTE: blue box to the right]:

COMMITTEE REPORTS

Audit – Gladys Campion

On hiatus until January 1.

Bylaws Review

Proposed bylaws changes were published in the April DATABUS, announced to attendees at the May meeting, and a copy e-mailed to all members in May.

Fundraising – Peter Hess

Peter has been working on the planned giving program, comparing details of other existing plans. He is also looking into a Speedway discount cards that we might sell to our members.

Gladys suggested we start building up the scholarship we have with the University of Dayton. Gary Coy asked for figures on what we should be investing each year in community service.

NIGHT LIGHT: A Little-used feature of Windows 10

By Martin ARBAGI

Martin.Arbagi (at) Gmail.com

AN INCREASING AMOUNT OF SCIENTIFIC EVIDENCE now indicates that bluish-white light—the kind that typically occurs in the middle of the day—tends to stimulate the brain centers that keep us awake. On the other hand, light from the red-orange bands of the spectrum—the type that usually occurs at dawn or evening—either makes us sleepy or at least does not actively excite the “waking centers” of our brains.

Unfortunately, bluish-white light is precisely what the screens of most computer monitors and other digital devices mostly emit. Thus, for example, reading yourself to sleep with an e-book can actually keep you awake, as can taking that spread sheet home from the office so you can work on it after dinner.

Microsoft’s latest operating system, Windows 10, has a feature that can mitigate this problem. It’s called “Night Light,” and is frequently ignored when setting up or customizing a PC. I myself initially thought it was designed to have monitors glow softly at night, thereby making the computer easier to find in a darkened room. I finally blundered into the correct use of Night Light almost by accident. Night Light is easily set up. Merely go to your Desktop and right-click your mouse. (Left-click if you use a left-handed mouse, as I do.) The familiar screen shown in Figure 1 shows up. Now click on “Display Settings.” The screen shown in Figure 2 now appears. Finally, move the slide switch labeled “Night Light” (circled) to the ON position.

Membership – Gladys Campion

As of last month's General Membership meeting, we had 55 Regular, 4 Associate, 0 Student, and 5 Life members for a total of 64. Attendance last month was 33 and the 50/50 brought in \$21.

Net Administration Team – Ken Phelps, Gary Turner, Pat Flynn, Brent Kerlin

No problems to report. Pat Flynn will renew the domain name.

Peter Hess moved Pat spend \$100 or less to renew our domain name, dma1.org for several years. Gary Turner seconded and the motion passed.

Nominations – Ed Skuya

Ed has enlisted two candidates for the Board of Trustees: Pat Flynn and Martin Arbagi.

Programs – OPEN! We *must* find a Programs Chairman!!

June – Pat Craig will talk about Astronomy and computers

Other suggested topics: Mark Camden – Movie Maker; Brent Kerlin – his Smart Home improvements

Publications – Martin Arbagi

The May DATABUS was posted

Publicity – Ed Skuya, Gary Coy, Pat Flynn, Peter Hess, Patrick Craig

Meeting notices are being posted as usual.

Next Board Meeting

The next Board Meeting will be 7:00 P.M. on Monday, July 9, 2018 at the Fairborn Fire Station #2, 2200 Commerce Center, Fairborn. Those who want to join us for dinner should meet at 6:00 P.M. at Donato's, 240 East Dayton Yellow Springs Road, Fairborn.

The Fairborn Fire Station #2 has been reserved through December 2018.

Dayton Diode at K12 & Tejas Gallery – Brent Kerlin, Peter Hess

Dayton Diode is collaborating with K12 Gallery for summer classes.

Holiday Dinner – Gladys Campion

Gladys gave a final report to the board. Comments from attendees indicated they liked the variety of door prizes this year.

ThinkTV Auction in April – Gary Turner

Gary Turner will ask about the results from the Pi kits we donated, such as the number of bids and the amount of the winning bids.

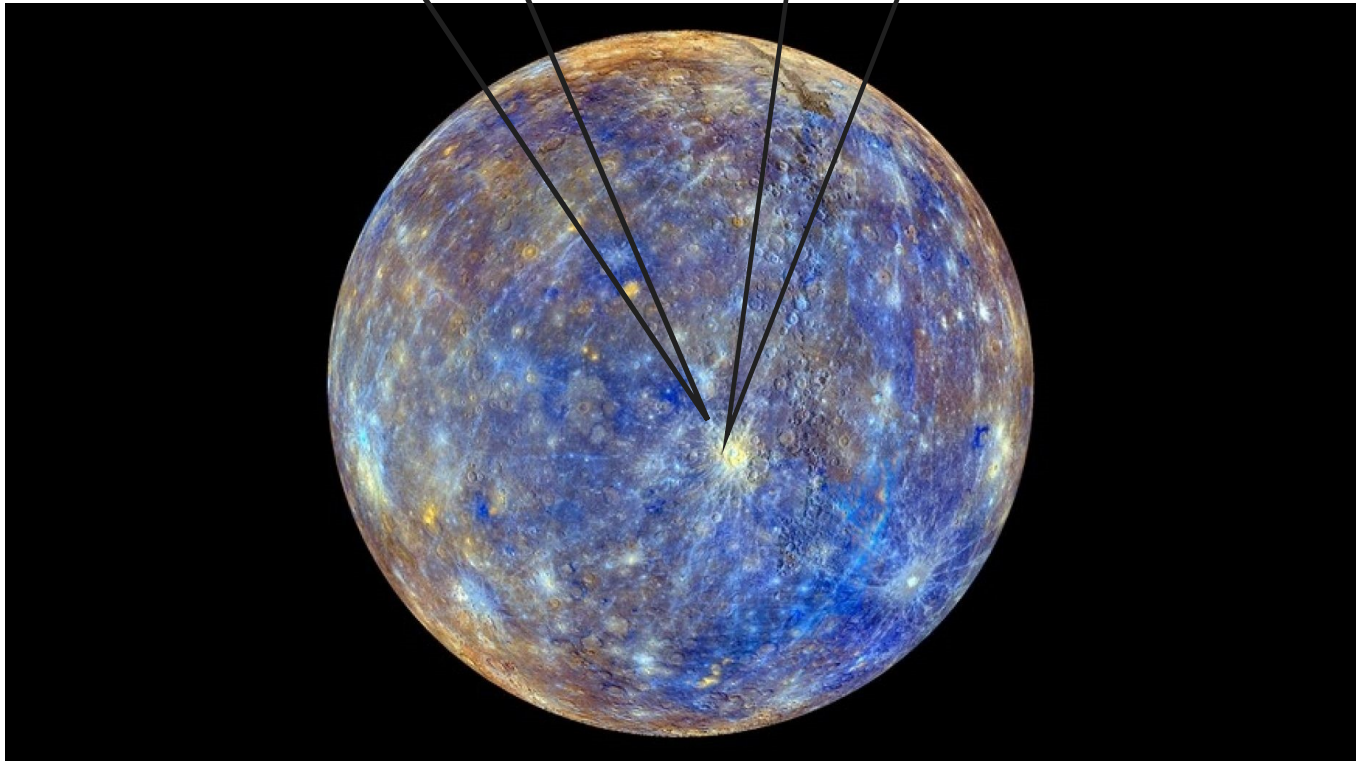

Summer Picnic – Martin Arbagi

Martin reserved shelter #3 at Indian Riffle Park for August 18.

(NIGHT LIGHT—Continued from page 5)

Two comments before finishing: (1) *Night Light knows when to turn on*. If you look closely at Figure 2, you'll see that the day I wrote this article, my PC switched to Night Light at sunset: 8:58 P.M. Obviously, I was writing during the summer! Windows 10 knows your approximate location by, among other things, your IP address, and will adjust for time zone, latitude, longitude, and Daylight Saving Time. (2) *Turn Night Light OFF if you are working on something that requires true color rendition*. For example, if that project you brought home from the office is not a spread sheet, but rather an advertising display with lots of graphics, you don't want the color distortion Night Light will inevitably generate.

members. Rick's presentation focuses on what has become a critical global frontier in the marketing of hate and terrorism.

2:00 PM ET

Linux and the ham radio "Internet"

Orv BEACH, Training Chair, Southern California Linux Expo; Technical Specialist, American Radio Relay League

Digital mesh networking is one of the fastest growing modes in amateur radio. With the recent capability of moving wireless access points into the uncrowded adjacent ham radio bands, the ability to create a linked ham "Internet" has become feasible. The network is growing by leaps and bounds, and can provide services such as text messaging, webcams, video chat email, and VOIP (both dial-up and chat channels). All these services can run on Linux computers.

3:00 PM ET

Evidence Based Medicine

Dr. Garry SEXTON, President, Greater South Bay User Group

The goals of this presentation are to explain Evidence-Based Medicine, how to evaluate information, the strength of studies, the number needed to treat, how to make it useful, and Web sites that can help.

2. Recognize a volunteer in your group for the DON SINGLETON 2018 Volunteer of the Year Award

Do you have a volunteer who is using his/her skills and experience to make a significant difference in your group? APCUG is seeking nominations for the DON SINGLETON Volunteer of the Year award which recognizes the importance of volunteers to APCUG's member groups. More information in Reports; nominations begin August 15 through September 30.

3. Digital Photo, Newsletter & Web site Contests

If you have a great newsletter, website, or members who take digital photos, let's show the world. Don't miss this opportunity to get some recognition for your group! Contest submittals begin August 15 through September 30; more information in Reports.

4. 2018 Q3 Reports

Reports has many ideas for your club. It's fun to read a newsletter and see that a group is trying out something new that they've read about another group's doing—in Reports.

[EDITOR'S NOTE: Unfortunately, this conference will take place during our Annual Picnic! Will someone consider bringing a wireless "hot spot" along so we can all tune in our smart phones, tablets, or laptops and listen to this program? It sounds like one of the more interesting ones we've had from APCUG in recent years.]

Have a business card? Are you a DMA member?

ANY PAID-UP MEMBER of the Dayton Microcomputer Association is entitled to a *free* business card-sized advertisement in THE DATABUS. Send a good-quality image to Editor@DMA1.org, or give your business card to **Martin Arbagi**, the Editor, at any DMA meeting. We can embed a link to your Web site (if you have one) in the image of your card. Under weird IRS regulations, your Web site may not include discount coupons for DMA members, although discount offers may be included in the advertisement *itself*. See the example below, which includes a member discount. But the advertiser could not have put the discount on his Web site.
